(B) The purpose of this chapter is also to ensure that rental housing in the city is decent, safe, and sanitary, and is so operated and maintained as not to become a nuisance to the neighborhood, or an influence that fosters blight and deterioration, or does not create a disincentive to reinvest in the community.

(D) The city finds that a registration program is appropriate to effectively identify residential rental properties, gather contact information for property owners of residential rental properties, provide educational materials to property owners and occupants of residential rental properties, and to provide a more efficient system to ensure that the stock of residential rental property within the city is properly maintained.

(E) It is also the purpose of this chapter to provide a mechanism for a tenant, owner, neighborhood association or city resident to request the city inspect a rental dwelling or living unit for let or occupancy for compliance with the Building Code, Fire Code, city ordinances, and the Property Maintenance Code so as to not to become a nuisance to the neighborhood and/or community.
